COMPANY OVERVIEW

ChiKobi Health is a consumer-centric healthcare management company focused on preventive care and personalized solutions. We offer a precision healthcare model that combines conventional medicine, integrative medicine, holistic medicine, functional medicine, cosmedic medicine, and substance abuse resources. Our team of healthcare professionals work closely with clients, using 8 quality-of-life measures to tailor healthcare plans to their unique needs.

COMPANY MISSION

ChiKobi Health's mission is to strive to be the catalyst for positive change by empowering individuals through coordination of care. We focus on prevention, treatment, long-term care, and financial health to help clients regain control over their well-being and reduce healthcare costs. We aspire to enhance patient outcomes by leveraging advanced analytics and AI capabilities. We are committed to making personalized care accessible and affordable to individuals from all walks of life.

THE PROBLEM

Public Health Crisis Consequences

1 in 5 millennials have a diagnosable mental health condition. 40% of people do not seek treatment due to lack of access, high costs, and stigma. Millennials have a 43% higher rate of suicide compared to Gen X. Millennials are losing 5.7 hours of productive work per week on average. There's been an increase of substance abuse and hospitalizations. An estimated \$1 trillion has been lost in earnings in the U.S. each year. 57% of young adults have at least one chronic health condition.

THE SOLUTION

Our focus is addressing the unmet healthcare needs of millennials and their families

COMING SOON

THE SOLUTION

ChiKobi Health and the Illuminate Portal will be the first platform innovating healthcare delivery for millennials, the largest health consumer demographic.

1. Improving convenient access to quality care through our proprietary online portal.

2. Reducing costs by up to 30% for healthcare provider services through preventative and holistic approaches.

3. Enhancing health outcomes via personalized treatment plans, integrated care coordination, & ongoing support.
